Dear Edward Williams,

Sincere thanks for the two packages of books, both of which arrived today: Curry, Bosch and "Special Unit Senator".

By the most amazing good luck, the last is in perfect condition, even though by the time it got to Baltimore the package was so badly torn it had to be (and was, securely) repackaged.

I didn't know about this one.

The Bosch I've wanted for some time. Haven't seen it around here at all.

Even the largest Washington stocks do not include what may be easily had in NYC. I was in the biggest store there Saturday, looking for the Dell reprint of the Houts book, "Where Death Delights". They not only didn't have, they hadn't heard of it!

You are kind and helpful. Appreciate it.

Best regards,
